TEAM ADVENTURES

2-40 PEOPLE

FAST PACED

Bring your group of 2 to 40 people for an exciting one to three hour medieval team-building experience. Shoot bows, swing swords, or throw axes, all with the guidance and instruction of our experienced facilitators. Dive into a unique adventure that will be new to everyone on your team!

THE ARCHER

From the depths of Sherwood Forest to the fields of Agincourt, prepare yourself to take up the mantle of “Archer”! Take a crash course in the history of this ancient weapon, and the skills required to wield it. We provide students with bows, arrows, and expert archery training. Engage in individual competition, mini-teams, or keep it collaborative by learning trick shooting!

THE AXE THROWER

Channel your inner viking warrior by hucking axes at Vancouver’s only indoor range. Hitting the bullseye with an axe is a powerful experience and our coaches will help every member of your team throw their best! Engage in group and individual competitions, and learn trick throws like reversed, two-hand, and two at once! Axe throwing is epic fun!

THE SWORD CUTTER

Need to get some stress out? Have you tried taking revenge against butternut squashes? Get the chance to cut, chop, and stab winter squash with real medieval weapons! You’ll be immersed in the history of swords, as well as pole-axes, spears and knights, while receiving professional instruction from our staff. Authentic weapons and safe sword-slashing fun!

THE WARRIOR

Join us for an immersion in the history, skills, and training of the medieval knight. From grappling and two-handed swords, to pole-axes and back again. You'll get to try on armour, have a private tour of our historical Arms & Armour museum, and stage a mini movie fight with your teammates. This is a fun and immersive learning experience that is exciting and collaborative.

THE TOURNAMENT

Dive into a medieval tournament, pick your champions, and crown your victor! Your team will learn the skills of the medieval warrior: fundamental attacks, defences, postures, movement, and strategy. Your group will then divide into mini teams, select and armour up your champions, and then send them into battle until only one remains! We use protective gear and synthetic swords to make this a fun and safe adventure for all physical abilities.

THE DUELLIST

Learn the graceful and fast paced art of fencing with the Renaissance rapier, sword of the musketeer! Your team will get a crash course in the art of duelling including thrust & parry, fast footwork, and quick wits. When you've honed your abilities, we'll set you up to fight a duel against our skilled champion, or members of your team.

This is a great adventure for those who want something fast paced with swashbuckling flare!

COMBO ADVENTURE

Mix and match your favourite from above to make an awesome combo adventure! If you want to throw axes and then shoot bows, or live out your Robin Hood fantasy with swords and arrows, or take a sword fighting adventure from the Middle Ages to the Renaissance, you can! Bring together your two favourites (minimum 2 hours) or combine even more for an entire day of fun with weaponry!
